INDUSTRY LISTINGS

*******UPDATED 11/1/2009*******

Please call 818-222-2464 if you have problems or questions

Dear Passengers,

Our annual members-only convention is just THREE DAYS from now! Tensions are high around the office as we tend to the unimaginable myriad of details that go into this incredible weekend. But there's always a sense of "we can do this" as we stare down the barrel of the cannon. And each year we pull together and present a Road Rally that is better than the last.

If you've ever thought about joining TAXI, please consider this; you can join today and if you register for the Rally today, you can still join us for this amazing smorgasbord of music industry exposure, networking and education. The Road Rally is truly exceptional.

We've put more Listening panels in the main ballroom than ever before, hoping to give more members' music exposure to the industry executives. We've added a Video Game Music panel because the music for that \$52 Billion industry has to come from somewhere, and it might as well be from our members! We'd like to teach them how to make the right music and get it to the right people.

We've got Kara DioGuardi doing song and performance makeovers. We've got a killer list of producers looking for music.... and the list goes on and on and on.

If you're thinking there's no way you could get it together to join us this Thursday evening through Sunday, please consider this! I just bought a plane ticket for my daughter with less than the two-week advance, and it was dirt-cheap. Under \$240 round trip from NY to LA.

One of my staffers just checked out CheapTickets.com yesterday and found a round trip ticket from NY to LA for \$180!!

You've still got a day to pull it together and join us for what people call a "life changing" experience. If you live in or around Los Angeles, then you'd be crazy not to join TAXI, get your two FREE tickets and come to the Rally! We've added extra seating capacity this year, and if you're thinking that your wife or hubby will think you're nuts, please consider this:

"I'm a new member (September '08) and my wife talked me into the Rally. I am glad she did... it was a life changing event for me. I have never been to any conference of any kind in which the folks were so open and friendly. I thought my wife would be bored, but she loved it!"

We get dozens of emails just like this after every Rally.

If you've got the dream, we've got the best thing going to help you get there. Be spontaneous! You won't regret it.

[Join TAXI](#) [Check-out the Rally](#)

See you at the Rally,
Michael

P.S. If you have any questions about the Road Rally, please don't hesitate to call my staff at 1-800-458-2111 between 9am and 6pm Pacific Standard Time.

P.P.S. This is a particularly great set of listings because the industry folks coming to the Rally tend to run more listings than usual. Check them out!

PLEASE NOTE!

If you are submitting by mail (ground submissions) and sending in a CD, please enclose a S.A.S.E. (Self-Addressed Stamped Envelope) if you would like a response. Thank you!

CRITIQUES

If you have material you would like critiqued without responding to a specific listing, you've come to the right place. Fill out the submission form with the song title(s) and author(s) as usual, but in place of the listing number write "CUSTOM" in capital letters.

Please include a note specifying the aspects you would like the listener to address. For example, some members like to have their craft (lyrics, rhyme, structure, etc.) closely critiqued. Others want to know for which genre their writing is best suited (sorry, but we can't recommend specific listings for you to pitch to). Still others want a review of their photos, bios, package, etc.

The submission fee for Custom Critiques is \$20 per song. Please include lyric sheets (if applicable), a self-addressed, stamped envelope, and make sure to specify if you want the tape or CD back, or just a critique. Remember, these critiques are for your own edification and development and NOT targeted for a label or publisher, and therefore will not be forwarded.
